* Due to pandemic event cancellation in 2021, we hosted two conferences (in July 2022 and in January 2023) six months apart which explains a slight decrease in 2023 delegate numbers. We are back to regular schedule as of January 2023 and expect higher attendance in 2024 and onward.
WHY SPONSOR

The conference offers companies that support the veterinary profession an excellent opportunity to demonstrate their support and reach a broad veterinary audience through sponsorship of conference events and advertising in conference publications. Exposure through conference sponsorship puts you in front of the veterinary industry’s most progressive and successful practice teams and the veterinary field’s best experts. Be sure to take full advantage of the opportunity for one-on-one interaction among everyone at the 2024 OVMA Conference.

Benefits of sponsorship and advertising:

- All sponsors will be highlighted in the Conference publications and in November / December 2023 issue of FOCUS Magazine according to their sponsorship levels.
- Yearly conference sponsorship, as well as 50% of advertising amounts, are factored into the OVMA Industry Partner Program (IPP) totals each year. The OVMA IPP is used to determine the order of allocating trade show space each year and get advance opportunity to pre-select their exhibit space and sponsorship participation.
- Conference sponsors will have their logos featured in all conference publications and onsite signages if sponsorship is confirmed prior to set printing deadlines.
- “Thank you sponsors” slide will be played each morning during plenary sessions to thank our sponsors verbally and visually during conference opening remarks.
- Platinum-level sponsors will receive unlimited exhibitor badge registrations, as well as an upgraded online exhibitor listing.

The above sponsorship levels are calculated based on the events and sessions sponsored. Rights of refusal on some sponsorship and advertising opportunities are made available to returning sponsors. Sponsorship opportunities are first made available to OVMA’s Corporate Partner Program members and Industry Partners and are then made available on a first-come basis to all other potential sponsors. Sponsorship will be invoiced in January 2024, unless otherwise requested. Some sponsorship/marketing opportunities are available to exhibiting companies only. Dollars spent on marketing and advertising are not considered when calculating the above-noted sponsorship levels. All advertising opportunities are subject to HST.
SPONSORED SESSIONS OPPORTUNITIES

Although the individual session topics listed here are subject to some modification, the overall lecture themes will remain the same.

Benefits of session sponsorship:

• Verbal recognition from the podium – OVMA will contact sponsors to discuss assigning a company representative as the session moderator/presenter on stage

• Recognition in all conference publications and promotions if confirmation of sponsorship is made before publication deadlines

• Sponsorship recognition on signage outside the lecture room

• “Thank you sponsors” slide will be played each morning during plenary sessions to thank our sponsors verbally and visually during conference opening remarks
