Of attendees would go to this conference again!

- Run your clinic vs. having it run you
- Get Inspired and improve your practice culture
- Take care of you so you can take care of others
- Learn some new GREAT IDEAS
- A Conference designed with YOU in mind

Who Should Attend?

- Veterinarians
- Practice Managers
- Anyone who wants to improve their Practice Management and Life Skills

At the end of a busy spring season, there was much-needed decompression and reflection built into many of the sessions – the beautiful surroundings helped too. This conference had a relaxed feel that led to great networking and discussion opportunities during the breaks and evenings.

This conference left me feeling empowered.

So many wonderful tips, ideas shared and motivating speakers to inspire and improve your practice culture and balance in life. I highly recommend this conference.

Come by yourself, with your clinic staff, or bring the whole family!
Complete event program, accommodation and registration details will be available on the OVMA website (ovma.org) in the coming months, and more information will be included in the March/April issue of Focus magazine.
