

OVMA's Future Veterinarian Bursary

The Ontario Veterinary Medical Association is pleased to offer 3×1000 bursaries to support high school students in Ontario who aspire to become veterinarians.

The purpose of these bursaries is to financially support students from underrepresented groups and those who are economically disadvantaged.

To be eligible for the bursary, individuals need to:

- Be a resident of Canada with a postal address in Ontario
- Identify with one (or more) of the following groups: Indigenous Peoples, Persons with Disabilities, Visible Minorities and/or Immigrants to Canada
- Have financial challenges that impede their ability to fund their ambitions of becoming a veterinarian

Please fill out the application form below and email it to Terra Shastri at $\underline{tshastri@ovma.org}$. The deadline for application is $\underline{April\ 30^{th},\ 2026}$.

Please note that three bursaries are available each school year, and only selected applicants will be contacted. Those selected will be contacted via email by June 23, 2026. Bursary applications are required to include a reference letter from a teacher who has taught the student within the last two years.

Use of Generative Al

Applicants are expected to complete their application responses entirely on their own, without the use of generative AI tools (e.g., ChatGPT) or assistance from others. The purpose of this bursary application is to understand *who you are* in your own words. Clear and authentic self-expression is an important skill in veterinary medicine, where communication, professionalism, and the ability to convey ideas effectively are essential. Using AI or outside help takes away from that goal and may result in your application not being considered.

OVMA's Future Veterinarian Bursary Application Form

*Please complete all applications using the fillable PDF form or a Word document - handwritten submissions will not be accepted. When submitting, ensure the final version is saved and sent as a PDF so the file can be opened without issue. If you require assistance because you are unable to apply in this format, please contact Terra Shastri at <a href="testing-test
